

# MILLIONAIRE AND BRIDE TO TOUR AROUND WORLD

## AGED JOSEPH BOARDMAN WILL INTRODUCE HIS CHILD WIFE IN ROYAL CIRCLES IN ENGLAND—SHE WILL LEARN FRENCH.

Joseph Boardman, the aged millionaire, and his 17-year-old bride will leave on the overland train this evening on a tour around the world.

Mrs. Walker, the mother-in-law, will remain at home and look after the old man's property.

Mr. and Mrs. Boardman have purchased their tickets and are all ready to make the start.

Time is not limited and there is no telling when they will return. Mr. Boardman has purchased his bride a magnificent outfit costing a small fortune, and he has bedecked her with rare and costly jewels. The couple will take several trunks with them.

Mr. Boardman is anxious that his young bride shall see the world and be educated. He does not believe that an Oakland High School education is sufficient and that is the sort of an education his wife has had.

The millionaire now proposes that his wife shall be introduced among royalty in England and he has great hopes that he may be able to get her presented to King Edward VII.

Mr. Boardman knows the power of money and he thinks that he can find some Lord of high degree in England who is bankrupt who will pave the social way for the Oaklander and his bride if sufficient financial inducement is offered.

After reveling in English society and court circles for a time, the millionaire will cross over to France, where he will linger for a time so that Mrs. Boardman can catch on to the lingo of the country. He will engage some of the finest French teachers to teach his bride the language.

The merry couple will then go to Austria, where they may drop in on Francis Joseph and pay him a friendly call. From there they will go to Rome and of course they expect to have an audience with the Pope. Mr. Boardman expects to swap stories and exchange ages with his highness.

Indeed, the millionaire has planned for a grand trip, and he expects to spend a fortune before he returns.

# BOSTON ALDERMEN IN A STREET FIGHT.

## Two Men Are Stabbed, But the Police Will Not Make Any Arrests.

NEW YORK, Aug. 13.—A fight which resulted in the stabbing of two men occurred in front of the Gilsey House early today. The police can give very little information about the row or what led up to it, and no arrests were made.

From what could be learned at the hotel, three Boston politicians whose names the police give as Joseph A. Conroy, Patrick Bowen and Joseph Norton, started the fight. The wall paper manufacturer's convention is being held at the Gilsey House and a number of the delegates were standing in front of the doorway when the three men crossed the street to enter the hotel.

It is asserted, had some words with some of the paper men, and in a moment a lively fight was in progress. Conroy received a stab wound in the back and Wm. F. Francis, also said to be a wall paper manufacturer, was wounded in the thigh. The wounds of the injured men were dressed and they said they would make no complaint even if the police succeeded in finding the men who did the stabbing.

BOSTON, Mass., Aug. 13.—Joseph A. Conroy is the Democratic Congressmen-elect from the Ninth Massachusetts district, and one of the leading members of his party in this city. Joseph K. Norton is a member of the Boston Board of Aldermen. It is thought here that the third member of the party is Patrick Bowen, a Boston Alderman, who is in New York.

# DETECTIVES RECOVERED \$24,492 TODAY.

SAN FRANCISCO, Aug. 13.—Detectives Tom Gibson and Sayers of the Pinkerton Bureau recovered two more bars this morning from the bay at the Kelly plant. Two bricks, weighing 570 and 700 ounces, contained \$24,492 in gold bullion, which materially reduces the amount of treasure remaining under water.

There are four bricks now marked with the name Kelly, and of the following weight, 1,190.37, 1,129.48, 723.22, and 1,073.29, which the detectives have not been able to find, and Gibson came down from the scene of the searching this morning to ask Winters if he had not hidden this batch of bullion, and failed to say where it could be found. Winters denied this to Gibson and told him to keep on searching in the place. Gibson therefore returned to the hunt on the next train.

Captain Seymour sent word to Sheriff Veale last night to come after his prisoner, so Veale left Crockett this morning with a warrant in his possession and with the avowed intention of taking Winters back to Martinez.

# MEMBERS OF LYNCHING WILL BE PUNISHED.

REDDING, Cal., Aug. 13.—"Every member of the mob which took Calvin Hall and his three sons and Daniel Yantis from the custody of a constable and his deputies at Lookout, Modoc county, several months ago, and hanged them to a bridge, will be brought to justice," declares Fred H. Jackson, who has made an investigation of the late tragedy for Attorney General T. R. L. Ford. Jackson is employed as a Wells Fargo messenger on the Jackson and Lone stage and made himself famous in the battle which resulted in the death of John Sonntag and the capture of Chris Evans, and in which battle he lost a foot.

Shortly after the Modoc lynching he appeared in this vicinity, ostensibly to spend several months at his wife's former home on Churn Creek bottom,

# TRYING TO END THE BIG STRIKE.

## BUSINESS AT A STANDSTILL AND THE MERCHANTS ARE ANXIOUS.

### Primary Election Passing Off Quietly on the Water Front.

SAN FRANCISCO, Aug. 13.—The strike situation in this city remains unchanged except for the fact that there seems to be a more determined effort on the part of the retail merchants of the city and of influential men in other walks of life, to bring about a settlement of the present labor troubles.

Injuring the City.

The strike is doing untold harm to the city; merchants are feeling the ill effects of the business stagnation and the retailers are feeling the drain on their resources.

In fact business of all kinds is at such a standstill that many of the retailers say that they cannot hold out for 30 days longer, and it is the retailers who are making the greatest efforts to bring about a peaceful solution of the trouble.

So far their labors have been of little avail, the manufacturers and larger merchants absolutely refusing to treat with the strikers or their representatives.

# STEEL WORKERS ARE NOT ANXIOUS TO STRIKE.

## Will Be Asked to Reconsider Their Action in Refusing to Obey Shaffer's Orders.

CHICAGO, Aug. 13.—The Steel Workers in the mills at South Chicago will be asked to reconsider their action in refusing to comply with the order of President Shaffer to strike.

Information has been received from Pittsburgh that the supreme officer of the Amalgamated Association has dispatched Assistant Secretary Tighe west in an attempt to get the steel men here to follow the example of their eastern co-workers. He will arrive in Chicago this afternoon and his orders are to seek audiences with the officers of Lakeside Lodge, No. 9, and Commercial Lodge, No. 11, at once, and arrange for meetings where the subject again will be gone into in detail.

W. C. Davis, the district vice president, who resigned a few days ago before the strike order went into effect, has gone to Joliet to consult with the lodges there, which have not yet announced when they will strike or not.

# SHIPPING REINDEER TO ALASKA PORTS.

ST. PETERSBURG, Aug. 13.—News received here from Vladivostok says that Lieutenant Wallace Berthoff of the United States Navy has begun shipping 12,500 reindeer from Okhotsk port to Alaska. The first shipment has gone by the steamer Progress.

# TOLSTOI WILL TOUR.

ST. PETERSBURG, Aug. 13.—A dispatch from Moscow says Count Tolstoi is going to the Crimea shortly. The Minister of Railroads is placing a special car at his disposal.

# SENDS A REPORT OF SPANISH CROPS.

SAN FRANCISCO, Aug. 13.—United States Consul Bartleman, at Valencia, Spain, has sent the following telegram to the Pacific Commercial Museum, dated August 10:

"Opening prices of new Valencia raisins, Baltic off-stock, 32-3c per pound; fine off-stock, 34-5c per pound; finest off-stock, 41-5c; new Valencia layer raisins, two-crown, 41-2c per pound; three-crown, 44-5c per pound; three crown, 51-2c. Condition and size of raisin crop about as last reported."

"BARTLEMAN."

A report of July 10th stated that the grape crops of Denia and Valencia showed prospects of fully one-fifth above the average.

# GENEVA ENGINEERS GET THE CONTRACT.

LONDON, Aug. 13.—A dispatch to the Daily Mail from Geneva says that electrical engineers of Zurich have obtained a contract to supply all the machinery for the new electrical installation at Niagara Falls. It will consist of eleven turbines of 55,000 horse power each.

Mexico has also placed an order for an electric station of 100,000 horse power with the same firm.

# JAPAN INSISTS ON PUSHING HER CLAIM.

BERLIN, Aug. 13.—The Cologne Gazette St. Petersburg correspondent telegraphs Japan persists in her demands for the concession of 500,000 square meters upon the Island of Mak-Gan-Foo, adjoining the Russian concession.

# ROBBERS HOLD UP A TRAIN.

## BLOW UP THE EXPRESS BOX AND THEN ROB THE PASSENGERS.

### Sheriff is Soon at the Scene and a Posse Goes in Pursuit.

ST. LOUIS, Aug. 13.—A special to the Post-Dispatch from Denison, Tex., says:

"Missouri, Kansas and Texas passenger train No. 3, south-bound, was held up and robbed at Caney switch, I. T., this morning, at 1:30 o'clock by two men, who got on the train at Atoka. When two miles north of Caney, they crawled over the tender with pistols in hand, covered the engineer and fireman and commanded them to stop at Caney water tank. There the men were joined by three others and at this juncture a fusillade of shots alarmed the crew and passengers.

Everybody Robbed.

"Postal Clerk Tulley was compelled to go through the train carrying the sack in which the valuables were thrown. Every passenger was robbed and then the robbers turned their attention to the express car. Both safes were blown open with dynamite and the contents scattered. The amount stolen is not yet known, although the robbers got valuable jewels. They gave a diamond ring and a shirt stud to engineer Lanham.

# TELLS OF SHORTAGE IN THE WINE CROP.

## Andrea Sparboro Says There Will Be a Twenty Cent Reduction This Year.

SAN FRANCISCO, Aug. 13.—Referring to the report that the wine grape crop of the State would exceed that of last year, Andrea Sparboro said today:

"In sweet wine grapes I understand that the growers of the San Joaquin valley will have a pretty good crop. However, I doubt if it will exceed that of last year. There may be no scarcity of sweet wine grapes, but the vintage for other grapes will be very short. I estimate that the shortage of the wine grape crop of the State will be 20 per cent as compared with last year. The first crop is very poor, but the second crop is good. Prices have not yet been fixed. I should consider 20 per cent a very fair price. This is as high as wine makers can afford to pay, and on account of the short crop is doubtful if grape growers can afford to sell for much less."

# LOS ANGELES OFFICER IS DECLARED A FAKER.

Discharged by the Police Commission Today Because He Told Bogus Story.

LOS ANGELES, Cal., Aug. 13.—Special Police Officer Benjamin L. Brock, whose story of the sensational chase of an alleged footpad on the night of August 3 caused quite a sensation here, was this morning discharged by the Police Commissioners, who decided that his story was a fake. According to Brock, the man he pursued was stalking a milkman with the evident intention of adding him to the list of recent mysterious shootings. In the chase Brock declared he received a bullet in his helmet and lost his man. There were many inconsistencies in his story and it did not tally with the observations of other witnesses.

# SEVEN MEN ARRESTED FOR THE BIG ROBBERY.

FORT WORTH, Texas, Aug. 13.—The United States Marshals have arrested seven men in Caney, Texas, charged with robbery of the "Katy" train. One of the men arrested is a M. K. & T. section hand and the others are young men of the neighborhood. Part of the plunder has been recovered.

# PRIMARY ELECTION ACROSS BAY

## QUIETEST ELECTION IN THE HISTORY OF SAN FRANCISCO.

### Very Few Democrats Take Part in the Voting—No Trouble.

SAN FRANCISCO, Aug. 13.—The first primary election under the new law is in progress today.

It is generally accepted to be the quietest primary in the history of San Francisco, considering the factional differences that have developed.

Not a serious disturbance was reported.

During the morning voters were unusually active and it was estimated that about 20,000 votes had been polled, or two-thirds of the probable total vote, which, it is estimated, will be between 25,000 and 28,000.

Very few Democrats are voting, as demonstrated by the roster of voters kept at the various districts.

Both sides are claiming a victory. If the Primary League wins Bahrs will be the nominee for Mayor.

Colonel Burns and his men are confident of winning the fight.

# DOWAGER EMPRESS IS LAID IN THE TOMB.

## ROYALTY ATTENDS THE FUNERAL AT POTSDAM—GENERAL VON WALTERSEE CARRIES THE CROWN—SOLDIERS IN LINE.

POTSDAM, Aug. 13.—The remains of the Dowager Empress Frederick were interred today beside those of her husband in the Mausoleum of Friedenskirche, near Potsdam.

TOLLING OF BELLS.

Between 8 and 9 o'clock the bells of all the churches in Potsdam were tolled. Shortly before half past ten Emperor William, the other members of the imperial family and the visiting princes assembled in the royal hall at the Wild Park railroad station. The court officials, military dignitaries, Count von Buelow and other members of the Cabinet, the Knights of the Black Eagle and the members of the Reichstag assembled at 10:25 o'clock in an adjacent hall.

FOREIGNERS ARRIVE.

Soon after 10 o'clock the special train ordered by the Emperor to bring the invited guests from Berlin reached Wild Park Station. Among the guests the foreign Ambassadors made a striking figure, wearing their highest official uniforms. The United States Ambassador, Andrew S. White, however, was attired in simple black. He looked pale and weak and showed traces of his recent bereavement by the death of his son.

SIGNAL GIVEN.

At 10:30 the signal was given that the funeral train was approaching. Conversation, which had hitherto been carried on in suppressed tones, entirely ceased and an air of solemnity possessed the assembly. The train rolled in slowly and noiselessly.

ROYAL HEARSE.

Twenty non-commissioned officers of the Dowager Empress Household Regiment bore the coffin to the royal hearse, which had in the meantime arrived from the New Palace. Chamberlains and courtiers with the royal insignia participated in the transfer of the coffin from the funeral car to the hearse.

FUNERAL PROCESSION.

Slowly and solemnly the procession formed. Eight staff officers seized the reins of the eight splendid black horses attached to the hearse and four Knights of the Black Eagle took hold of the points of the pall cloth, while twelve royal chamberlains held the supports of the canopy covering the hearse and four other courtiers held the cords from the corners. Flanking these, to the right and left, were two staff officers and twelve captains.

CARRIED HER CROWN.

The procession formed in the shady avenue extending from Wild Park to the New Palace. Preceding the hearse were squadrons of soldiers and marshals bearing the various insignias and orders of the dead Empress. Among them was General von Waldersee, who carried the Dowager Empress' crown. Numerous members of the Imperial Court and the court of the deceased Empress also marched in procession.

Following the hearse came Emperor

William, King Edward, the Crown Prince of Germany and the other royal personages.

Then came the foreign Ambassadors and Ministers and personages from the Emperor's and Empress' entourage; members of the Government Parliamentary bodies. The procession moved through the avenue to the New Palace and through the park to the Sans Souci Garden, all of which were closed rigidly against the public.

When the procession started the bells in the Friedenskirche (Church of Peace) began tolling and all the other bells in Potsdam joined in. When the coffin was borne across the threshold of the mausoleum the Cathedral choir from Berlin intoned a solemn strophe.

IMPERIAL FAMILY.

Only the Emperor and Empress, the other members of the Imperial family, King Edward, Queen Alexandra and the other members of the British royal party and the Princes of the highest rank entered the mausoleum, which is small.

Dr. Persius, the chaplain, offered a prayer, after which the choir again sang.

When their majesties left the mausoleum the procession dissolved.

The Empress, Queen Alexandra and the other ladies went in carriages direct from Wild Park to the mausoleum.

IN LONDON.

LONDON, Aug. 13.—A memorial service was held today in the chapel royal, St. James' Palace, simultaneously with the funeral of the Dowager Empress Frederick at Potsdam. Among those present were the Duke and Duchess of Argyll, Lord Salisbury, the United States Ambassador, Mr. Choate; Sir Wm. Vernon Harcourt and Lady Harcourt, Lord and Lady Wolsey, Lord Lansdowne, Mr. and Mrs. Jos. Chamberlain, Mr. A. J. Balfour and many members of the diplomatic corps. As the opening sentences of the service were chanted, a royal salute was fired in St. James Park, followed by the firing of sixty minute guns.

Dispatches from all parts of the continent announce the celebration of memorial services in honor of the Dowager Empress Frederick. Queen Wilhelmina, her husband and the Queen Dowager of Holland attended the service in the English church at The Hague. Services were held at all the capitals of the German States and were mostly attended by the reigning princes.

**NO LEGAL REMEDY FOR THIS COMPLAINT.**  
Oakland, Cal., Aug. 9, 1901.  
Editor TRIBUNE—What is the legal status of the legend "No Agents. No Peddlers," when prominently displayed on one's front door-steps? It makes no difference, seemingly, at any residence, as an average of ten or more persist in clanging my door bell daily. Many of them insist on selling us their particular wares, whether or no, and act as if mortally offended when we refuse. Fact is, it would require the greater part of the sum carried away from the Schly Smelter the other night to make purchases from each peddler or agent who calls.  
If there is a lawful remedy for the growing nuisance please give it publicity through the columns of your excellent newspaper.  
(In response to your inquiry I would say there is no legal remedy for the above complaint. There is no law in Oakland to cover the ground. The peddlers who ring door bells are not to be classed as trespassers.—St. Clair Hodgkins Chief of Police.)

**DR. DILLE'S RED-HOT ROAST ON DEAD FALLS.**

**DECLARES THAT CAFE BOHEMIA AND PALM GARDEN MUST CLOSE.**  
Pastor Says the Places are a Disgrace to the City.  
Rev. Dr. E. R. Dille, pastor of the First M. E. Church, has raised his voice against the continuance of the Cafe Bohemia and the Palm Garden, the two Twelfth street resorts, under municipal license.  
In speaking of the way in which they are conducted at present, the pastor today said:  
"I cannot express myself too strongly in rebuking such manifest deadfalls for our young people. That the fair city of Oakland should have two such blots in the heart of the business and church portion of the city is an insult to decency and a stain upon the municipal honor."  
"Rudyard Kipling said what made him a prohibitionist was seeing young men and young girls entering side doors, the young men to debauch and destroy their intellects and the young girls to sacrifice their virtue on the altars of drink and dissipation. It is just such places as these Twelfth street resorts that cut into the morality of a community, undermining the social stability of society by turning out worthless men and fallen women, who ever after must prey upon the respectable element in the community for an existence. The voice of every mother and every father in the city of Oakland should be raised against the side-door evil and the corruption it stands for."  
"Why, even the respectable saloon element, the wholesale liquor merchants and the saloon keepers who are not so far lost to decency as not to respect the virtue of our young girls, should unite with the religious element in suppressing an evil that fills our streets with reeling drunks and another world with forsaken women. If men find that the side-door entrance saloon is a profitable enterprise, more will be added to the number which we already have. I have never heard of complaints of other places. We have only two saloons to deal with. We should choke the evil while it is young and confined to one or two places. If the number of side-door saloons grow, they will be hard to fight, for they will raise a large contingent of funds in undignified influencing those in politics."  
"The thing which has made Whitechapel, London, the great moral blot it is, probably the blackest place in all the world, is the fact that young men and young girls are permitted to drink and carouse by means of the side-door entrance saloon. When I was traveling I was proud to think that the city of Oakland was free from such evils, but upon my return I find that my pride was not wholly justified. The deadfalls which have made Whitechapel the horror of the world have sprung up here during my absence."  
"I believe concerted action among the church people should be taken to suppress the evil. Pressure even of a political nature should be brought to bear upon those in authority to compel the revocation of the licenses of the Palm Garden and the Bohemia. The city of Oakland should not permit her business and social center to be a breeding place of crime and prostitution."

**PROMINENT SPEAKERS WILL ADDRESS BARBERS.**  
OF INTEREST TO ALL BARBERS OF ALAMEDA COUNTY.

All barbers are requested not to miss this opportunity, as some of the speakers in the state will be present.

**LEG WAS TWISTED FROM HIS KNEE.**  
LOS ANGELES, Cal., Aug. 13.—A. W. At 2 o'clock his condition was very critical. His family recently came here from Texas, and his uncle, A. M. Owen, is said to be a prominent banker of El Paso.  
**HE SHOT HIS WIFE THROUGH THE HEART.**

**COPENHAGEN'S NEW LOAN.**

**DUKE AND DUCHESS.**

**ALAMEDA OFFICER PLACED ON TRIAL.**

**George MacRae Must Make His Defense Before a Jury.**  
The trial of George N. MacRae, the Alameda police officer charged with manslaughter for having shot and killed Myron Brown on the 23d of last September, was commenced this morning before a jury in Judge Greene's court. Attorneys W. M. Moore and Emil Nusbaum appeared for the defendant. The prosecution is represented by Assistant District Attorney George Samuels and Deputy District Attorney T. W. Harris.  
Myron Brown, Max Jacobs and Charles Kelley were arrested on September 23d in Alameda for fast driving. Brown was driving. He was ordered to get out of the buggy, and after he had done so was handcuffed. He was then directed by Officer MacRae to get in the buggy preparatory to being driven to the police station. As soon as Brown was in the buggy the horse was started. MacRae was caught between the front and rear wheels of the vehicle as he was attempting to get in. He called to Brown to stop the horse or he would shoot. The horse was not stopped and MacRae fired three shots, the latter taking effect. Brown died three days later from his wound.  
MacRae was then charged with manslaughter. His trial has been postponed from time to time owing to the fact that his attorney, A. A. Moore, was engaged in other cases.  
The following were the first twelve jurors whose names were taken from the box: W. V. Wither, John V. Havens, A. H. Schow, Sol Kahn, J. L. Hollis, Thomas Starlin, Ferdinand Meyers, William A. Young, R. H. Chasterson, Henry Schellhaas, David Chisholm and H. W. Koon.  
Six of the jurors were excused on peremptory challenges. John W. Havens and Sol Kahn were excused by the prosecution. A. H. Schow, J. L. Hollis, Thomas Starlin and William A. Young were challenged by the defense. W. V. Wither was challenged for cause by the defense. He stated, while being examined as to his qualifications to act as a juror, that he did not believe a police officer had a right to shoot a person while making an arrest on a charge of misdemeanor, and that he believed Brown's death was the result of the wound received at MacRae's hands.  
"You know nothing about the facts in this case, do you?" asked Judge Greene.  
"No, sir; only what I read in the newspapers," replied Wither. "But I have formed an opinion as to how Mr. Brown came by his death."  
"You have no right to form an opinion," said Judge Greene, shortly. "You are excused."  
Under examination by Attorney Samuels, Juror A. H. Schow stated that he had a passing acquaintance with Mr. Moore, defendant's counsel.  
"Did you not serve on a jury in a case in which I appeared several years ago?" asked Moore.  
"I believe I did," replied Schow.  
"I thought you had known me for a long time, and I felt hurt that you did not say that you knew me better," said Moore.  
"I believe that we have on several occasions discussed abstract questions together," said Schow.  
"Yes, Mr. Moore, I have talked with you several times," replied Schow, "but I have never called at your home or had dinner with you."  
Juror Sol Kahn stated that he believed that when an officer started to take a person into custody he should make the arrest at all hazards.  
The following jurors were called to take the places of those excused from the box: James H. Cory, Hugh Hamilton, Gove Roberts, John P. Kelley, James King, Jens Jensen and Antonio Lucio.  
**HIGH SCHOOL BOYS DO THE RIGHT THING.**  
Although it was generally understood that there was to be no more rushing at the High School, the students thought they would have one more "mix-up" before finally abolishing the sport. In pursuance of this undaunted eight of the seniors and many more of the boys met at 12 o'clock and proceeded to celebrate the abolition of rushing with one more struggle. Although it had none of the usual rough features, it lasted a full hour.  
After school hours the high and low senior classes held a meeting and abolished the sport on the following conditions: That neither the former nor the latter will attempt in the future to "rush" either side.  
Principal Pond says he neither approves nor condemns the sport, but leaves the matter of abolishing it to the students.

**ASKS TO BE APPOINTED GUARDIAN OF UNCLE.**  
Mrs. Mary A. Wright has filed a petition to be appointed guardian of the person and estate of her uncle, Henry Heyland, who is 84 years of age and has property valued at \$8,000. It is stated in the petition that through old age and illness Heyland has become mentally incompetent to manage his property and that he is liable to be imposed upon by artful and designing persons, if he has not a guardian. Last week he wandered away from his home, declaring that everything was going wrong there. There is a quarry on Heyland's property which produces an income of about \$100 a month. He was never married.

**MAKE BOYCOTT VERY PUBLIC.**  
SAN FRANCISCO, Aug. 13.—Every possible step was taken to give the San Francisco strikers' boycott publicity. It is the intention of the leaders now to make this influence as far-reaching as possible.  
"We intend to cover the entire Western States," said Secretary Rosenberg this morning, "and for that purpose an active campaign has already been inaugurated. We are printing 100,000 circulars, clearly setting forth all the facts in this controversy, and appealing to every one who has the cause of labor at heart to join us in the fight. Any of these letters have already been sent out and a force of clerks is at work sending out the balance as fast as possible. It is the intention of the Labor Council to completely cover the West, the idea being to reach every community where any of the boycotted goods could possibly have sale."  
Secretary Rosenberg was asked if any other firms had been added to the boycott list.  
"Not as yet," was the reply, "but the Council now has several cases before it, and these complaints are receiving thorough investigation. If, when this examination is concluded, we deem it advisable to add these names to the list, supplementary circulars will be sent out similar to the ones that are now being circulated."

**NO NEWS OF ANY BATTLE.**

**State Department Has Not Heard of any Declaration of War.**  
WASHINGTON, Aug. 13.—Mr. Herran the Colombian Charge d'Affaires at Washington, received a letter today from the Colombian Consul General at New York, stating that the latter has just received a cablegram from the Acting Governor of Panama, saying that the guerrilla bands thereabouts are causing no uneasiness.  
The Governor, according to recent advices, has gone to Cartagena for soldiers and supplies. Other than this, Mr. Herran's official mail from Colombia, which arrived here Monday, gave no information on the situation in South America.  
In the absence of official advices the only construction which the Colombian Legation can place on the report of the withdrawal of the Colombian Minister, Senor Ricon, and his legation staff, from Caracas, is that, having found his position in the Venezuelan city untenable, perhaps threatened by mob violence, he has left for the Colombian capital, where he can better co-operate with the officials than through the medium of telegraphic or mail correspondence.  
Both of these officials feel sure that, unless there is an interruption in their respective lines of communication, they would be immediately advised if the situation had assumed the aspect of actual war between the two countries. The State Department received no telegraphic reports from either country today and knows nothing of the reported departure of the Colombian Minister from Caracas. The Department, however, has received mail advices from Minister Hart at Bogota, Colombia giving a general resume of the trouble and the view taken in official quarters as to the uprising.

**WOMEN IN A SMALL RIOT.**

**Made the Hair Fly in the Corridor of a Local Hotel.**  
Two pretty girls, three talkative women friends, a heroic gentleman and a brave Chief of Police were the features in the story recited in the Police Court this morning by the witnesses in the case of Sarah Singer, the 15-year-old school girl charged with battery on the person of Miss "Dot" Wetzel.  
It seems that the street fight between the two young ladies on Seventh and Washington streets Sunday evening was the result of a previous quarrel and fight between four or five women staying at the Grand Hotel. Envious words passed, unpleasant names were called and female anger raised by exasperating insinuations, until all dignity and womanly decorum was lost in a wild scramble and hair-pulling contest in the corridors of the hotel. One of the men rooming in the building found it necessary to separate the women combatants and forcibly restore order.  
The incident seemed about closed, until Miss Wetzel and Miss Singer met on the street half an hour later and quarreled over a boy. More disagreeable names were called, resulting in a fight. Miss Wetzel had her hair torn from her head and her hair disarranged, while Miss Singer's shirt waist was torn from her shoulder to her waist.  
At this juncture the Chief of Police put in an appearance and arrested the more aggressive of the young women. Miss Singer pleaded guilty to the charge of battery and was punished with a nominal fine of \$5 in the Police Court this morning.

Besides alimony, Mrs. Sawyer asks \$75 counsel fees.  
**CONTEST DISMISSED.**  
The contest of the will of the late Ann McMenamin has been dismissed by the attorneys of the contestants, J. J. Tracy. Prior to her death Mrs. McMenamin bequeathed about \$50,000 worth of realty to J. J. McLaughlin, a nephew whom she had married. Tracy, another nephew, contested the will and the conveyance on the ground of undue influence.

TESTING THE NEW PRIMARY LAW

One extremely satisfactory aspect of the primary election being held across the bay today is that no murmurs of discontent are being heard against the law itself, nor, as far as is known, is there any plan formulated to attack it in the courts. In the past, whenever a primary law has reached the statute books it has at once become a target for those desiring to continue the old order of things and at the first opportunity, the issue has been taken into court and there disposed of, unfortunately always to the detriment of the reform legislation.

There appears to be a unanimous desire this time, however, to acknowledge the primary law and the fact that the old and consistent opponents of such measures are keeping quiet indicates that they have decided to bow to the inevitable. They doubtless realize that no matter how many such laws they succeed in killing, they are certain to be confronted with a like fight every time the Legislature meets, for it is plain that those interested in primary reform in California are determined not to let the matter drop until success is obtained. Then again, upon the face of things, the present measure would be able to hold its own in the Supreme Court, for every objection raised by that body to the Stratton law has been met in the new enactment, and it is virtually framed upon the lines mapped out by the appellate tribunal.

California can indeed be congratulated if we have succeeded in establishing the primary reform for which we have struggled so long. The abuses of the old system were so patent that every one interested in good government realized that heroic measures had to be taken to secure a release from them. In some ways, too, we are pioneers in this particular field, for even the most progressive of eastern states have been unable to secure primary laws that would cope with the evils attending the preliminary elections and at the same time stand the test of the higher courts. The efforts California has been making to shake off the shackles have therefore been watched with great interest throughout the country and if our new law survives the ordeals it is now passing through, it will doubtless be made the standard for those other states that have been reaching out in the same direction.

John Winters, the Seiby thief, is said to have been induced to make his confession by promises of a small punishment and a large reward. It looks, though, as if they have handed him a few gold bricks in return for those he took from them.

The Primary Leaguers across the bay say that all they want is an honest count. Surely they can find one among all those German waiters who are out of work.

## SALE NOW ON

Yesterday morning at 8 a. m. we started the greatest mercantile event this county has ever known. We call it a "Harvest Sale" for it is a harvest of bargains.

It is a fiesta for housekeepers, a chance to reap the benefits of months of careful gathering, an opportunity to purchase, at a remarkable discount, some of the best goods the world produces.

All during summer this bargain crop has been growing. Remnants have been accumulating by hundreds, odd sizes have been springing up and several lines have been waiting in our stock rooms because they were not as ordered or were received too late. The latter will be sacrificed at the expense of the manufacturer, the remnants and the odd sizes have been cut to less than cost, and the entire store has been turned into one great bargain counter where anything can be bought at almost any price.

Is there anyone, anywhere, who can afford to miss a sale like this?

## WHO KILLED LOUIS WANNER.

Oakland Officers Say They Carefully Handled the Alameda Man.

ALAMEDA, Aug. 13.—Those who were in charge of the late Louis Wanner of Alameda prior to the time he was taken to the Ukiah Insane Asylum declare that when the patient left Oakland for the asylum there were no marks or bruises upon his body which might have caused his death. They say that the marks found upon the body after it was returned to Alameda for burial must have been made at the asylum.

Warden James M. Page of the insane department of the Receiving Hospital, says "The patient left this institution in good physical condition. It is true that the man attacked me the morning he was to leave. I forced him back upon the bed and strapped him. But I did not strike him in the face. Our struggle consisted simply of wrestling. I know the man was not seriously injured when he left this place. His jaw could not have been broken for as he left here he took out a cigar and smoked it. If he died of physical injuries he must have received them at the asylum."

Deputy Sheriff George Taylor and George Wiles, who took Wanner to the asylum, confirm the statements made by Warden Page. "The patient was in good physical condition when we delivered him to the asylum authorities," said Taylor. "We had no trouble with him on the trip. There was a slight mark over his eye, probably the result of the struggle with Warden Page, but there was nothing serious about it. The patient talked freely and smoked cigars while we were making the trip."

Tucker to offer for sale property on Santa Clara avenue extending from Pine street on the west to Everett street on the east, as a site for the proposed High School building.

He further states that they have offered the corner lot facing this property for the Carnegie Library building which would make it, if accepted, very convenient for the students.

## ALAMEDA EQUALIZERS HOLD A MEETING

## TIE VOTE ON LICENSE LAW.

Berkeley Trustees Could Not Agree on a License Proposition.

BERKELEY, Aug. 13.—A tie vote upon the proposed final passage of the saloon license proposition; the laying over for two weeks of the application of the Bay Counties Power Company for a 49-year franchise and the raising of the license of the Pacific States Telephone Company to \$100 per year, were the important features of the regular meeting of the Town Board of Trustees last evening.

All the members of the Board were present, with the exception of Trustee Rickard.

The report of Marshal Kerns for the month of July showed that licenses had been collected to the amount of \$1,914.

The following report of the Street Committee was received and accepted:

That the petition to lay by private contract a sewer in Allison way between Fifth and Sixth streets be granted; that the petition of Thomas Gilsenan be granted to lay by private contract a sewer in Panoramic way and Prospect street; that the petition of Lindgren and Hicks be granted to construct by private contract a cement gutter on the north side of University avenue, from the east line of Stanford place to Howe; we recommend that the work on Berryman street, to change the roadway, be done as originally started.

The following report of the Street Committee was received and filed:

That a six foot cement sidewalk be constructed on the east side of Ellisworth street between Dwight and Durant avenues; and on the west side of Henry street between Vine street and Rose street; and on both sides of Grove street between Bancroft way and University avenue where not already done.

The license of the telephone company was raised from \$5 per quarter to \$25 per quarter. Ten free telephones are also asked for by the town. The vote to raise the license was four to two.

Upon a vote of four to two the matter of advertising for bids for the sale of the franchise now held by the Bay Counties Power Company was laid over until the next regular meeting.

The acceptance of the San Pablo Avenue School was postponed. Contractor Torrey was given a ninety-days' extension of time on the Bristol street contract. The Town Engineer was instructed to draw up a resolution of intention to grade, curb and macadamize Parker street.

The request of the North Berkeley Fire Company was referred to the Fire and Water Committee with power to act.

John E. Boyd's request to be permitted to place a Spanish cannon on the park south of Center street was granted.

## U. C. FRESHMEN ARE THREATENING A RUSH

BERKELEY, Aug. 13.—The incoming freshman class at the State University does not seem inclined to heed the edict of President Wheeler, who last term forbade rushing. Last evening members of the baby class posted their numbers, '05, on the hills back of the campus.

Members of the Sophomore class are eager to erase the number, which is regarded as a challenge for a rush.

Should any attempt be made by members of either class to pre-empt a chase such it is believed that summary diamandal will be the action taken by the faculty.

The enrollment of the freshman class, which seems destined to be a record breaker, reached nearly 700 up to noon today.

## BUGGIES WRECKED AT HAYWARDS.

Two Rigs go Into a Ditch on the Haywards County Road.

HAYWARDS, Aug. 13.—A lively "mix-up" occurred on the Alvarado road Sunday night, which fortunately did not prove serious to any one concerned.

Sunday afternoon Frank Zambresky, who is employed at Gray's Livestock Stable, took some people to Alvarado in a carriage, returning late at night. On the return trip while driving along the dark road he met a rig coming towards him. There was a crash when the two vehicles met, which resulted in the overturning of the stranger's buggy.

The horse, buggy and occupants all rolled down an embankment into a deep ditch, and before the frightened party could realize what had happened another buggy ran into them, and also tumbled into the ditch.

Mr. Zambresky was soon among the wrecked vehicles and discovered that the occupants were imprisoned beneath the debris. After several trials he found it was impossible to liberate them and was compelled to go for assistance to a neighboring farmhouse. After an hour's work the prisoners under the buggies were gotten out and the outfits straightened up. It was found that no one was injured but all the vehicles were more or less disabled. The carriage Mr. Zambresky was driving was badly wrecked but they managed to get back to town.

## LIVELY RUNAWAY IN THE TOWN OF HAYWARDS

HAYWARDS, Aug. 13.—A run away in the principal part of town yesterday created no small excitement. The horses became frightened at the corner of Castro and B streets. A young man by the name of Greenleaf was driving the team when the trouble occurred.

A Denver dispatch has the following to say about an Oakland man: DENVER, Col., Aug. 12.—Roy Hsie, on a charge of assaulting the Rev. V. G. Adkins of the Seventh Day Adventists, was fined \$25 and costs this morning. Adkins left home last night to go to the Postoffice for mail. As he passed the house of Hsie's mother he heard scuffling and cries of "Murder!" Thinking some one was being killed, he hastened to the scene. Roy twice struck Adkins, when the latter grappled with him and a scuffle ensued. Through the hallway the two men fought. When the street was reached the minister claims that some one unknown to him dealt him three violent blows on the back and he was rendered unconscious. Adkins came here in May from the Pacific Press Publishing Company, Oakland.

## LARGEST ARCH IN THE WORLD.

Great Concrete Bridge Over San Leandro Creek is Nearing Completion.

SAN LEANDRO, Aug. 13.—Within a few days one of the largest arches of its kind in the world will be completed in the shape of the great concrete bridge over the San Leandro Creek. But a few feet of the second layer of concrete is yet to be put on. The great arch is built over an immense wooden frame, supported by thousands of braces, which, when the concrete is completely hardened will be knocked out.

The building of the frame on these movable blocks made the undertaking twice as difficult.

The concrete used on the bridge now is mixed in one drum, which is located on the further side of the bridge. A frame is built out over the arch and over this the concrete is wheeled.

The span of the arch is 50 feet. The base at each end is thirty feet in thickness, while the highest point where the key stone will be placed is but three feet thick. Over the arch and to the depth of four feet will be a cushion of earth which will deaden the jar of passing cars and vehicles.

## Temperance

Women hold up Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" as examples of what all medicines should be in absolute freedom from alcohol and narcotics. They are strictly temperance remedies. They contain no alcohol, neither opium, cocaine, nor any other narcotic. False formulas of Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" having been published by ignorant or unscrupulous persons, Dr. R. V. Pierce as president of the World's Dispensary Medical Association, Buffalo, N. Y., the manufacturers of his remedies, offers one thousand dollars for any bottle of these medicines which on analysis shall show the presence either of alcohol or of opium, cocaine, or any other narcotic.

Suits against the originators and publishers of these false formulas have been instituted, and in order to effectually stop the publication of these malicious falsehoods, Dr. Pierce asks that his friends will send him copies of any circular, pamphlet, or other advertisement, in which the statement is made that "Golden Medical Discovery" or "Favorite Prescription" contains alcohol or opium or other narcotic. Address Dr. R. V. Pierce, Buffalo, N. Y.

## DOVES AND BEER VERY SCARCE.

Livermore Hunters Have Very Poor Luck in the Mountains

LIVERMORE, Aug. 13.—The open season for deer and doves began over a week ago and although hunters galore are scouring the hills as far away as Mount Hamilton, there seems little danger that any of them will exceed the limit permitted by law. Although the Livermore mountains have until recently been good hunting grounds, they have been shot over so much that the deer are being killed or scared off. Many of the hunters complain that hunting with dogs is largely responsible for the scarcity. A few deer have been killed, however, and it is more probable that a few more will be brought in during the brief season in which the Legislature in its wisdom has seen fit to allow hunting.

It is hard to determine who had the honor of killing the first deer but it probably belongs to Adolph Fuchs and his young brother who live in Vista District, both of whom were out bright and early on the 1st inst and brought back a good sized buck at night.

Jamie Barker, who has been stopping on the Hayes place since the season opened, brought down a good-sized deer one day early in the week.

Frank Crane, accompanied by Harry Abbott of Sunol, went up to the Whitlock place on Pine Ridge Thursday of last week and killed a fine large buck, weighing dressed 110 pounds.

A party of Watsonville hunters went into the hills this week with the Clark brothers for guides and they entertained high hopes of bringing out plenty of game.

Two wagon loads of hunters from San Ramon Valley passed through town Tuesday on their way to Lier Mountain with a fine equipment for camping and hunting.

George Fitzsimond and Ed Bangs went up to the old Farville place Friday morning and as both are old hunters all their friends in town are confidently expecting generous slices of venison.

Dove hunters have been as scarce as the birds. Most of the hunters from about the bay learned in advance of the scarcity and those who did not will be discouraged by the reports of the few parties who ventured out in the extreme heat of last week and returned with such small bags as to make them utterly disgusted with the trip. It is claimed that the only place in the State where the birds are at all plentiful is in the neighborhood of Alameda.—Herald.
